District 8Terri McCormick (R-Appleton)
Reid Ribble (R-De Pere)
Roger Roth (R-Appleton)**2010 Elections: What does it mean to be "100% pro-life"?**

Pro-life means defending each and every innocent human being at all stages of development and in all circumstances, including those whom it is not "politically correct" to protect. For example: the child conceived in rape; the child whose mother's life is perceived to be in danger; the disabled preborn baby; the tiny embryo vulnerable to experimental research; or the terminally ill who are viewed as "burdens" on society. It is clear life begins at conception, so it is clear there may *never* be an exception to an innocent person's inalienable right to life.

Pro-Life Wisconsin has held high the banner of total protection for all preborn children. Because we insist on this high standard, more and more candidates for elected office are 100% pro-life. We stand behind those candidates who stand behind 100% of the babies. And we lovingly but firmly challenge and educate those candidates who don't believe every child has a right to live.
