

Pharmacists Deserve Conscience Protections - NOT Pink Slips!

Let's Tell the Wisconsin Legislature to...

"STOP EMPLOYMENT DISCRIMINATION AGAINST PHARMACISTS WHO REFUSE TO PARTICPATE IN ABORTION AND EUTHANASIA !"

We, the undersigned, call upon the Wisconsin State Legislature to pass legislation that protects the rights of pharmacists to conscientiously refuse to engage in practices that violate the sanctity of human life. Abortion techniques focusing on chemical means to end the life of preborn babies, such as the "morning-after pill," have received FDA approval. Life-ending (abortifacient) drugs are readily available in pharmacies, thus compelling pharmacists to be party to abortion. On the other end of life's spectrum, efforts are underway that would allow "terminally ill" individuals to request a prescription for lethal drugs from their doctors. Pharmacists would then be asked to fill those prescriptions. **No pharmacist should have to daily check his or her conscience at the door.**
